

## **Anatomy of a sock!**

Teacher: Mylène Lacroix

Learn the wonderful magic of knitting socks. It's much easier than it looks!

Make a complete mini sock and demystify terms such as a stretchy cast on, a heel flap, turning a heel and closing a toe! You will be knitting pairs of sock in no time.

Participants will need to bring Kroy Sock yarn or equivalent, 2.5 mm double pointed needles, a darning needle, a measuring tape and scissors.

All day session (am, pm)

BIO: Mylène is a member of the Twistle Guild of Glengarry! She is an avid knitter, spinner and traveller!
