

## **Arm knitting**

Instructor: Claudette Voët

Enjoy a fun afternoon of knitting using your hands and arms. Put down your knitting needles! Roll up your sleeves! This activity is a real stash buster. Bring balls of super chunky yarn or multiple yarns. You will need at least 120 yards to complete either a scarf or cowl. The only tools you will need are a darning needle and scissors. There is no limit to the number of participants to this workshop.

Bio: Claudette is a spinner, weaver and knitter. She enjoys discovering and trying new techniques related to any type of fibre.
